

Visit [Triangularwave Technologies, Inc. \(TWT®\) Comprehensive Websites](http://www.Triangularwave.com). The Valuable Technical Resource For All Involved In Water And Fluid Management.
[WWW.Triangularwave.com](http://www.Triangularwave.com) • www.twtwatertreatment.com

Triangular Wave Technologies, Inc. manufactures, markets and sells its water and fluid management products, systems and services to and through established industry-specific dealers and distributors worldwide. These are just some of the many successful industrial, commercial, and residential customers and installations in place.

PARTIAL LIST OF OUR CUSTOMERS & INSTALLATIONS

A&P Supermarkets – Great Atlantic & Pacific Tea Company
AAA Refrigeration – New York City & Region
ACGG Inc. – Dallas TX
Adams Electric Cooperative, Inc. – Gettysburg, PA
Adtec, Co. Ltd. – Republic of Korea
Advanced Air & Water Systems – Wrightsville, NC
Agro-Culture – Liquid Fertilizers, CA, HI
ALCAU Ecotechnologies – France
Amps – Los Angeles, CA
Aqua Air Inc. – VA
Aqua-Spec Eco Concept – France
Approved for use by the United States Postal Service for facilities nationwide
Aquarium Products Inc. – MD
Bally Total Fitness Centers – USA
Belair Excavating – MN
Blechman & Dunayer DMD – USA
BASF Corporation – Savannah, GA
Bauer Energy Design Inc. – Baden, Ontario CA
Brascan Power-New York – Potsdam, NY
Caribbean Clear Corp. – PA
Cal-Air Inc. – Whittier CA
Centers for Disease Control – NIOSH
Cobest Industries, Inc. – Taipei, Taiwan
Collins Mechanical Service, Inc. – Harrison, OH
C.M.S. Constructing Services – IL
Consumer Power – USA
Dews Ace Hardware Store – USA
Discover Plumbing – El Paso, TX
Clearflow Ltd. – Nicosia, Cyprus
Cobest Industries, Inc. – Tapei, Taiwan
Comp-U-Site Designs, Inc. – Montvale, NJ
Crestron Electronics, Inc. – Rockleigh, NJ
Dale Mansfield Solutions – Saint Charles, MO, USA
Dan Carlson Trailor Park – Mo. USA
Drema Waterbehandeling BV – The Netherlands
Dematrade LTD – Kampala, Uganda
DTRA/Raytheon – USA, Russia
Eastman Management Corp. – NJ
ECS Engineering & Construction Ltd. – Ontario, Canada
Energy Dynamics Ltd. – Spain, Trinidad
Engelhard Corporation – Savannah, GA
Engineering Products Co. – Puerto Rico
EnerTek – Costa Rica
EnviroClean Solutions – Dundee, NY
Environmental Health Solutions – Spencerport, NY
Evolved Inc. – New Roads, LA
Enginuity LLC – Mechanicsberg, PA
Ensol L.L.C. – OK & International
Faloon's Car Wash – PA
Filter Fresh Office Coffee Services (various franchise's nationwide)
Francine A Davis – Sacramento, CA
Frontier Environmental Services Inc. – CA

TRIANGULAR WAVE TECHNOLOGIES, INC (TWT®)

TWT® products and systems provide technologically advanced methods for water and fluid management that are both efficient and cost-effective. Components and subsystems chosen from across the range of treatment methods can be combined in different configurations to provide custom solutions specific to any industry, site or application.

Each product line offers a variety of both standalone and comprehensive treatment solutions for end-to-end fluid management, for all types of applications.

■ TWT® RiteFilter Filtration

Filters are designed to trap various kinds of debris, dirt and organic particles that will otherwise enter your equipment and/or plumbing system, restrict your water flow and create a breeding ground for bacteria.

- The first step in achieving clean water is a filtration system.
- Regardless of the type of water filtration required, basic filtration, separation or reverse osmosis. TWT has the filtration system and mediasuitable for your application. Filters are available in various micronic sizes providing flexibility & adaptability to meet the needs of all fluid conditions & applications.

■ TWT® AquaSmart Deposit Control

Hard water problems solved easily. Control scale deposits, bacteria, corrosion, algae, colloids in all fluid based systems. Providing comprehensive end-to-end treatment & conditioning

(chemical-free).

- TWT® provides new equipment with the ability to enhance the product's benefits and features.
- Retrofit existing equipment to improve its operating efficiency and life cycle.
- TWT® offers a full range of products designed to address fluid problems wherever fluid flows.

■ TWT® SunFlair UV Purifiers

High intensity bacteria control for potable water, waste water, food service, sanitary, pharmaceutical applications and anywhere safe water is required.

- Provides safe water, free of disease-causing pathogens.
- Destroys contaminants with a 99.9% or greater kill rate.
- Point-of-Entry and/or Point-of-Use Disinfection & Purification System.
- Faster than chlorine and extremely cost efficient!

TWT has extensive design, engineering, manufacturing, consulting and training ability to work with customers worldwide, and to use its products and/or systems in whole or component form, as a component assembly, or as an accessory to their primary product. Take advantage of our outstanding manufacturing and marketing expertise —let TWT custom design a product and/or system to meet your specific application, system integration, and/or retro-fit program needs.

Our unique capabilities and custom design expertise have and continue to successfully solve a wide variety of problems for a wide variety of customers (Commercial • Industrial • Residential).

- **FROM IDEAS TO FINAL PRODUCTION**
- **EFFICIENT ENGINEERING DESIGN TEAM**

■ TWT® AquaClean All-In-One Multi-Process Treatment

TWT® Filtration, Microprocessor Deposit Controller, Reaction Chamber, and UV Disinfection units are combined to provide a start-to-finish answer to simplified prevention, treatment and management of water line contamination dangers.

- The TWT All-In-One fluid management water filtration, disinfection and purification systems are unique, compact, self-contained units (easy installation & operation).
- In effect, a clean, corrosion-free delivery system is restored and maintained in an environmentally safe and chemical-free manner. **(ALL-IN-ONE Package Solution)**

■ TWT® ChemFree Pool & Spa Treatment

The easy way to ensure your swimming experience is safe, fun and environmentally friendly!

- Control scale deposits, algae, bacteria and corrosion without the need for chemicals.
- Eliminate the bio-film that serves as a breeding ground for disease-causing bacteria collecting in your pool piping, tubing and equipment.
- ALL-IN-ONE Package Solution, TWT® Ionization, Disinfection, Purification, Deposit Control Technology.

■ TWT® ChemFree HVAC Cooling Treatment

Chemical-Free Conditioning & Treatment for the HVAC (Cooling) Industry. TWT® Ionization, Disinfection, Purification, Deposit Control Technology— **(ALL-IN-ONE Package Solution)**

- Provides new equipment with the ability to enhance it's features and benefits.
- Retrofit existing equipment to improve its operating efficiency and life cycle.

- **STATE -OF-THE-ART PRODUCTION EQUIPMENT AND FACILITY TO MEET THE EVER CHALLENGING PRODUCTION REQUIREMENTS**
- **TECHNICAL AND TEST DEPARTMENT WITH OUTSTANDING QUALITY CONTROL GUARANTEED**
- **COST EFFECTIVE AND DELIVERED ON TIME**
- **IN ORDER TO ENSURE THE GREATEST LEVEL OF PERFORMANCE AND SATISFACTION WORKING WITH TWT PRODUCTS AND SYSTEMS, WE RECOMMEND THAT YOU CONTACT OUR ENGINEERING STAFF, WHO WILL BE PLEASED TO WORK CLOSELY WITH YOU TO DETERMINE THE OPTIMAL TREATMENT REQUIREMENTS (UV Dosage, GPM and/or System integration) INSTALLATION AND APPLICATION FOR YOUR INDUSTRY SPECIFIC PROJECT.**
