

Triangularwave Technologies, Inc. (TWT®)

WATER & FLUID MANAGEMENT SOLUTIONS

Provide Your Customers With Technologically Advanced Water Treatment Systems

NO MATTER HOW TOUGH THE JOB...TWT® IS THE SOLUTION!

Available for the building industry, modular, residential, restaurant, finance, education, childcare, corrections, aviation, convenience store, telecommunications markets, marine industry, remote areas, residential, commercial and industrial facilities worldwide. Chemical-Free water treatment, conditioning, purification products and systems. **Building A Better Way!**

TWT® Offers Value Added Technology • System Integration

- Retrofit Programs • Industry-Specific Custom Design
- Consulting, Training and Service Before, During and After Sales.

Enter new markets and broaden customer satisfaction

TWT®-Rite Filter: Filtration Products:

Filters are designed to trap various kinds of debris, dirt and organic particles that will otherwise enter your equipment and/or plumbing system, restrict your water flow and create a breeding ground for bacteria.

- The first step in achieving clean water is a filtration system.
- Regardless of the type of water filtration required, basic filtration, separation or reverse osmosis. TWT has the filtration system and media suitable for your application. Filters are available in various micronic sizes providing flexibility & adaptability to meet the needs of all fluid conditions & applications.

TWT®-Aqua Smart: TWT Patented Chemical-Free Deposit Control Technology:

Hard water problems solved easily. Control scale deposits, bacteria, corrosion, algae, colloids in all fluid based systems. Providing comprehensive end-to-end treatment & conditioning (**chemical-free**).

- TWT® provides new equipment with the ability to enhance the product's benefits and features.
- Retrofit existing equipment to improve its operating efficiency and life cycle.
- TWT® offers a full range of products designed to address fluid problems wherever fluid flows.

TWT®-Sun Flair Purifier: Ultra Violet Disinfection & Purification:

High intensity bacteria control for potable water, waste water, food service, sanitary, pharmaceutical applications and anywhere safe water is required.

- Provides safe water, free of disease-causing pathogens.
- Destroys contaminants with a 99.9% or greater kill rate.
- Point-of-Entry and/or Point-of-Use Disinfection & Purification System.
- Faster than chlorine and extremely cost efficient!

(TWT®) Sensing Environmental Needs with Intelligent Solutions

Engineered for Performance & Satisfaction Guaranteed

TWT® All-In-One Aqua Clean: Multi-Process All-In-One Systems:

TWT® Filtration, Microprocessor Deposit Controller, Reaction Chamber, and UV Disinfection units are combined to provide a start-to-finish answer to simplified prevention, treatment and management of water line contamination dangers. **“The Competitive Edge”**

- The TWT All-In-One fluid management water filtration, disinfection and purification systems are unique, compact, self-contained units (easy installation & operation).
- In effect, a clean, corrosion-free delivery system is restored and maintained in an environmentally safe and chemical-free manner.

TWT® Chem-Free HVAC Cooling, Pools & Spas Treatment:

The easy way to ensure your swimming experience is safe, fun and environmentally friendly!

- Control scale deposits, algae, bacteria and corrosion without the need for chemicals.
- Eliminate the bio-film that serves as a breeding ground for disease-causing bacteria collecting in your pool piping, tubing and equipment.
- ALL-IN-ONE Package Solution, TWT® Ionization, Disinfection, Purification, Deposit Control Technology.

Chemical-Free Conditioning & Treatment for the HVAC (Cooling) Industry. TWT® Ionization, Disinfection, Purification, Deposit Control Technology–

- Provides new equipment with the ability to enhance it's features and benefits.
- Retrofit existing equipment to improve its operating efficiency and life cycle.

Renewable Energy On Wheels:

Explore New Innovative Ideas Using Mobile Solar Power with TWT® Chemical-Free Water Treatment Technology. The Most Economical and Effective Way To Produce Safe Drinking Water Anywhere... Any Time!

Sensing and Solving Environmental Needs with Intelligent Solutions. Conserves Energy, Clean, Quite and Transportable All-In-One Systems.

Mobile solar powered units are system integrated, engineered and designed to produce safe drinking water dependably and economically from a wide range of problem input sources. The systems are well suited for various applications in areas with no power and poor water quality.

Versatile Fluid Management Products & Systems To Effectively Meet The Needs Of Any Industry & Application (P.O.E./P.O.U.) Residential • Commercial • Industrial

Conserve Water, Save Energy...Non-Chemical, Safe, Cost-Effective Water Treatment Systems

TWT® The Ultimate in Alternative Energy, Water Treatment & Conditioning

The green way
